dissolve signs of aging to minimize the appearance of fine lines and wrinkles. 100% free of petroleum derivatives, propylene glycol and parabens.

866-640-7546, www.naturepure.com **14** Moisture Fusion Serum from **CHRISTINA USA** is enriched with an innovative peptide concentrate that accelerates the skin's own natural production of hyaluronic acid, which naturally decreases with age. It improves optimal skin hydration levels, binding water to the skin, preventing it from evaporating and providing long-lasting moisture retention. The serum helps to improve and strengthen collagen fibers, and stimulates the synthesis and rebuilding of elastin tissues resulting in an improvement in skin volume, elasticity and tonicity, and a natural facelift effect. 888-604-6268, info@christina-usa.com

15 Purifying Mask from **PCA SKIN** gently exfoliates and detoxifies, leaving skin smooth, clear and bright. It can be used as an at-home treatment or incorporated into professional treatments for additional smoothing and detoxifying benefits. Algae and clay nourish rough, dull, dehydrated and stressed skin, while reducing sebum and bacteria to help clear breakouts. A good weekly treatment for most skin types. 877-722-7546, www.pcaskin.com

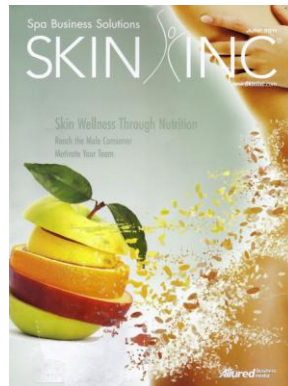

16 The Ezzi-Lift Microcurrent from **BELLAIRE INDUSTRIES** utilizes patented biofeedback electro-stimulation technology to apply relaxation-stimulation pulses to the skin prompting the body's own natural responses of massage therapy. The device stimulates the body's

resources for hormones such as collagen and elastin for the appearance of smoother, tighter skin. When applied to the skin, it produces a high-voltage microcurrent signal. With each succeeding signal, the changes in electrical properties of the tissue are sensed and resulting signals are modified appropriately.

877-201-7474, www.bellaireindustry.com **17** Sour Cherry Gel Mask from **ILIKE ORGANIC SKIN CARE** is for large pore premature skin. The sweet-smelling gel mask invigorates the skin as its fructose and fruit acid content nourishes, vitalizes, tones and hydrates while tightening pores. The gel has strong anti-aging effects because of the antioxidant bioflavonoids and polyphenols of sour cherry. It is oil-free, ideal for skin with seborrhea, and for normal, loose, open-pored or aging skin with surface- or deep-layer water deficiency. 888-290-6238, www.szepellet.com

18 Concentrated Fabric Mask, inspired by **DECLÉOR**'s professional treatments, imparts intense action on skin's clarity and radiance, and is formulated with peony, tamarix, saxifrage and highly stabilized vitamin C to help regulate the skin pigmentation process and impart visible luminosity to the skin. Designed to target dark spots, dull and lackluster skin. 888-414-4471, www.decleor.com

19 Crystalline is a gentle, hypoallergenic, non-strip depilatory wax from Cirepil, developed by Perron Rigot and distributed by **INTERNATIONAL BEAUTY SYSTEMS GROUP**. The sophisticated formulation is rosin-free and fragrance-free to meet the needs of sensitive facial skin
