SAVING FACE

See Spot Run

Send blemishes packing with these zit-zapping treatments — *Jillian Gordon*

Fresh 'n' fruity: **Refineé Exfoliating Fruit Cleanser** includes glycolic acid and jojoba spheres to gently lift dead surface cells as salicylic acid works to purify pores. (www.refineeskincare.com)

Featuring antibiotic lycopersicum leaf and stem extract from tomato plants along with salicylic acid and sulfur, **Christina Comodex Drying Gel** dries blemishes in a jiff. (www.christinacosmeceuticals.com)

Seeing spots? **Murad Acne Spot Treatment** quickly clears and prevents breakouts via sulfur and salicylic acid. (www.murad.com)

Spot on: Using a potent blend of benzoyl peroxide and witch hazel along with calming aloe, **Epicuren Acne Spot Gel** controls blemishes while preventing new breakouts from forming. (www.epicuren.com)

Peace out, pimples! **Aveda Outer Peace Foaming Cleanser** dissolves oil and deep cleans pores without overdrying thanks to a blend of pure plant extracts that includes healing tamanu and saw palmetto. (www.aveda.com)

Pure and simple: **SukiSpa Bio-Active Purifying Face Serum** utilizes goldenseal extract and apple enzymes along with salicylic acid to ward off blemish-forming bacteria and target spots. (www.sukispure.com)

Heal and conceal with **Dermalogica mediBac Concealing Spot Treatment**, which not only imparts a hefty dose of clearing zinc oxide and sulfur but also camouflages spots with a natural tint. (www.dermalogica.com)

Face in a state of emergency? **Repêchage Hydra Medic Clear Complexion Drying Lotion** helps clear up blemishes using a blend of kojic acid, licorice root extract and bacterio-fighting salicylic acid. (www.repechage.com)
